

BARKINGHAM PARK

Barkingham Park is Lee County Parks and Recreation's first park providing recreational opportunities for dog owners and their pets. Barkingham is a designated section of the Buckingham Community Park and consists of two main features:

- The fenced off-leash open run area is approximately 1.5 acres and has a separate area for puppies, shy or small dogs.
- The second feature is a designated on-leash area including a walk around the mitigation lake and primitive back trails through pine and palmetto habitats.

Upon completion of all phases, the park will offer basic amenities such as watering holes, cool off doggie shower, dog-waste disposal stations, and park benches. Dog owners will be required to have proof of vaccinations, dog licenses and keep their pet under control at all times.

The facility users will monitor themselves with the help of volunteers to assure everyone has a positive experience. The park will be open from dawn to dusk, seven days per week.

If you would like to volunteer to help monitor activities in Barkingham park or any Lee County park, call (239) 533-7275.

DOG BEACH

Through the efforts of many, Lee County has established one off-leash beach area that can be used for dogs. It is located at the south end of Lovers Key just west of New Pass Bridge and north of Bonita Beach.

No freshwater or amenities are available. No other County beaches allow off-leash dogs; and only the City of Sanibel and the Town of Fort Myers Beach allow dogs on the beach while on-leash.

In order for this beach to remain a successful off-leash dog facility, it is imperative that you:

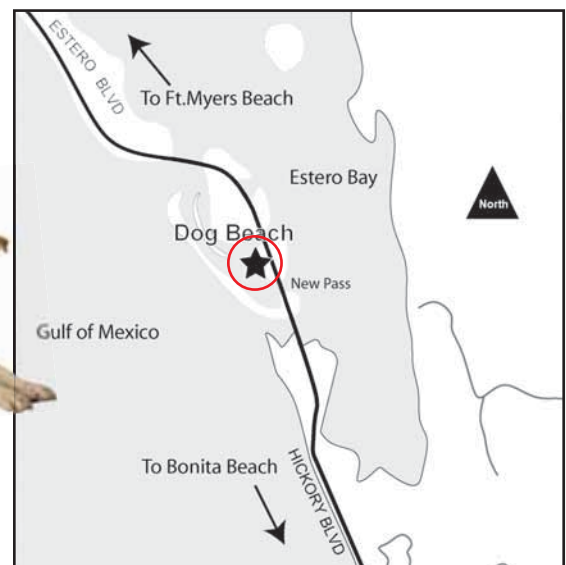

- Clean up after your dog.
- Prevent from harassing wildlife and shorebirds.
- Control dogs in off-leash and on-leash areas..

This beach area is maintained and monitored with the help of volunteers. If you are interested in being part of the Friends of Dog Beach contact the park supervisor at (239) 949-4615.
